

1956

3/5/69
Kawangulu
Mikolongo Rd; 20/11/74 Mkwadzi, Malawi. 17/5/69 Sumba (2 ♂)
common
564. 25/6 Kolumbo Falls, in forest near river,
common. *Harmonia theobromae* ♂ *Superciliosa*

566. 25/6 Kolumbo Falls. 23/12 lantern Murchison
30/3/69 Kungu
Lepidochrysops barleeri

567. 27/6 stream near Linga Hill on Aburrua/
Mporokoto rd. Others from 372 only
in the absence of small black spots at
anal angle & h/w upperside.

Not M. lemniscata
which is much larger
& easily distinguishable
from it. Resembles more
closely some specimens
of *melicentula*
in BM, but

568. 29/6 Mporokoto Falls in Kungu
in forest by river. More different with
a median band on h/w of two specimens
Kutanga, Angola & Kofe Range (16/59 R.W. Barney)
many resemble *melicentula*, & to *Staudacheria melicentula*
Also fairly close to
569. 24/6 River about 30 miles from Tschu (Mungu)

tunnell in Tumbana/Aburrua road.

570 28/6 Kolumbo Falls, fairly common 7-8/1/71
Aranea anemosa P. lobemba Nkansa Lodge

571 24/6 Isola Aburrua road, by stream, 30 miles
towards Aburrua from Tumbana tunnel. Common.
12/7 Mkwadzi
